Biography

Greg Tuthill, the SVP and CCO of SeaCube, is a seasoned industry professional with nearly 40 years of experience. In his role, he leads the global sales, marketing, and trade teams, ensuring that SeaCube remains the global leader in refrigerated intermodal equipment leasing.

One of SeaCube's key tenets is to provide refrigerated container solutions to help its customers feed the world while also helping them reach their sustainability goals. Mr. Tuthill plays a crucial leadership role at SeaCube where they remain focused on investing in technology, equipment and sustainability solutions. As such, he is responsible for developing and implementing business strategies that align with SeaCube's vision of becoming the top choice for refrigerated intermodal equipment, while also driving company growth.

Prior to joining SeaCube, Mr. Tuthill held senior positions at CMA-CGM and NYK Line, where he gained valuable experience in operations. He also served as a Commissioned Officer in the U.S. Naval Reserve, highlighting his dedication and leadership skills.
